| Sommario/riassunto      | Addresses a long-neglected topic - the role of men in social work. Considers influence of feminist analysis on male professional practice, service delivery and planning as well as assessing male-female work relationships.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
