### Sommario/riassunto

While some books about police psychology contain a chapter on the fitness-for-duty question, this is the first comprehensive publication focused exclusively on psychological fitness-for-duty evaluations (FFDEs) for law enforcement personnel. This handbook is ideal for professionals and for coursework designed to prepare individuals for careers as police or municipal officials, psychologists, students, behavioral science specialists, human rights advocates, and attorneys. A helpful glossary makes the book even more useful for students and those who do not have extensive academic or formal tr
