

1. Record Nr.	UNINA9910172607403321
Titolo	2017 IEEE Workshop on Machine Learning Techniques for Software Quality Evaluation (MaLTeSQuE) // Institute of Electrical and Electronics Engineers (IEEE)
Pubbl/distr/stampa	Piscataway, New Jersey : , : Institute of Electrical and Electronics Engineers (IEEE), , 2017
ISBN	1-5090-6597-0
Descrizione fisica	1 online resource (various pagings) : illustrations
Disciplina	005
Soggetti	Computer software - Evaluation Machine learning
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	The aim of the workshop is to provide a forum for researchers and practitioners to present and discuss new ideas, trends and results concerning applying ML to software quality evaluation We expect that the workshop will help in (1) validation of existing and exploring new applications of ML, (2) comparing their efficiency and effectiveness, both among other automated approaches and the human judgment, and (3) adapting ML approaches already used in other areas of science.
