

1. Record Nr.	UNINA9910172623503321
Titolo	2017 33rd Thermal Measurement, Modeling & Management Symposium (SEMI-THERM) // Institute of Electrical and Electronics Engineers (IEEE)
Pubbl/distr/stampa	Piscataway, New Jersey : , : Institute of Electrical and Electronics Engineers (IEEE), , 2017
ISBN	1-5386-1531-2
Descrizione fisica	1 online resource (various paging) : illustrations some color
Disciplina	621.38152
Soggetti	Semiconductors - Cooling Semiconductors - Thermal properties
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	SEMI THERM provides a forum for engineers, academics, and executives to learn, exchange ideas, and display the latest in thermal management techniques, products and services Attendees include anyone interested in thermal design, management and characterization of electronic systems and components.
