Sommario/riassunto

Millikan and Her Critics offers a unique critical discussion of Ruth Millikan's highly regarded, influential, and systematic contributions to philosophy of mind and language, philosophy of biology, epistemology, and metaphysics. These newly written contributions present discussion from some of the most important philosophers in the field today and include replies from Millikan herself. Comprises 13 new essays that critically examine the highly regarded and influential work of Ruth Millikan Covers a wide range of Millikan's most important work, from phi
