Sommario/riassunto	In modern times the idea of the objectivity of law has been undermined by skepticism about legal institutions, disbelief in ideals of unbiased evaluation, and a conviction that language is indeterminate. Greenawalt here considers the validity of such skepticism, examining such questions as: whether the law as it exists provides determinate answers to legal problems; whether the law should treat people in an ""objective way,"" according to abstract rules, general categories, and external consequences; and how far the law is anchored in something external to itself, such as social morality, poli
