

1. Record Nr.	UNINA9910212357203321
Titolo	Acta Montanistica Slovaca
Pubbl/distr/stampa	Košice, : Faculty of Mining, Ecology, Process Control and Geotechnologies (FBERG), Technical University of Kosice
Soggetti	Geology Geological surveys Mining engineering Ecological engineering Geodesy Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Refereed/Peer-reviewed Title from journal home page (viewed Sept. 21, 2010). Also issued in print.
Sommario/riassunto	Acta Montanistica Slovaca is an international scientific journal published jointly by the Union of Metallurgy, Mining Industry and Geology of Slovak Republic, the Institute of Geotechnics of the Slovak Academy of Sciences, the Slovak Mining Society, and the Faculty of Mining, Ecology, Process Control and Geotechnologies (FBERG) of the Technical University of Kosice. Acta Montanistica Slovaca publishes high quality articles on the basic and applied research in such fields as geology and geological survey, mining, earth resources, underground engineering and geotechnics, mining mechanization, mining transport, deep hole drilling, surveying and engineering geodesy, ecotechnology and mineralurgy, process control, automation and applied informatics in raw materials extraction, utilization and processing, and in other similar fields.
