Sommario/riassunto	Bruce McComiskey is a strong advocate of social approaches to teaching writing. However, he opposes composition teaching that relies on cultural theory for content, because it too often prejudices the ethical character of institutions and reverts unnecessarily to product-centered practices in the classroom. He opposes what he calls the ""read-this-essay-and-do-what-the-author-did method of writing instruction: read Roland Barthes's essay 'Toys' and write a similar essay; read John Fiske's essay on TV and critique a show.""
