Titolo	2017 6th International Youth Conference on Energy (IYCE) // Institute of Electrical and Electronics Engineers Staff
Pubbl/distr/stampa	Piscataway, New Jersey : , : IEEE, , 2017
ISBN	1-5090-6409-5
Descrizione fisica	1 online resource
Disciplina	333.79
Soggetti	Power resources Renewable energy sources
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	The main topic of the conference (since 2007) is energy (dielectrics, high voltage technologies, nuclear technics, power engineering, renewables, etc) We would like to provide an opportunity for young researchers (MSc, PhD students and other young professionals) to present their work in any field related to energy, and support them in establishing new contacts It is also an occassion to establish personal contacts between the presenters and the well known professionals representing actors of the industry and education We are also planning to organize an exhibition and poster session beside the plenary sessions and oral sessions.
