Sommario/riassunto

Strategy, at its best, knits together ends and means, no matter how various and disparate, into a cohesive pattern. In the case of a U.S. information strategy, this requires balancing the need to guard and secure access to many informational capabilities and resources, with the opportunity to achieve national aims by fostering as much openness as practicable. The authors' term to represent such strategic balancing is guarded openness. They go on to describe noopolitik (nu-oh-poh-li-teek)--an emerging form of statecraft that emphasizes the importance of sharing ideas and values globally, princi
