What Does the Internal Design of the Performance-Based Accountability System Look Like? What Is the Basis for This Design?How Well Does the

Performance-Based Accountability System Work?; What Can Be Done to Improve Our Understanding of the Performance-Based Accountability System and to Improve Its Performance?; CHAPTER FOUR: Conclusions; APPENDIX: Inventory of Key Elements Relevant to How a Performance-Based Accountability System Works; Glossary of Related Ways to Improve an Organization's Performance; Bibliography; Back Cover

Sommario/riassunto

This report describes a framework used to organize available empirical information on one form of performance-based management, a performance-based accountability system (PBAS), which identifies individuals or organizations that must change their behavior to improve an activity's performance, an incentive structure to motivate those changes, and measures tailored to inform the incentive structure.
