Disciplina	359.30973
Soggetti	Sea-power - Management - United States Organizational effectiveness
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Sommario/riassunto	This report presents an approach and framework for determining what parties have authority to issue interoperability policy, the legal and policy origins and implementation paths of the authority, and the extent of the authority. The approach includes rigorous analysis by researchers to identify pertinent authorities in federal law and a means to facilitate discovery of roles and responsibilities in Department of Defense and Service policies.
