| Sommario/riassunto | This monograph outlines strategic considerations relative to counterinsurgency campaigns; presents an overview of the current conflict in Iraq, focusing on counterinsurgency; analyzes counterinsurgency operations in Iraq; presents conclusions about counterinsurgency, based on the U.S. experience in Iraq; describes implications from that experience for future counterinsurgency operations; and offers recommendations to improve the ability of the U. S. government to conduct counterinsurgency in the future. For example, U.S. counterinsurgency experience in Iraq has revealed the need to achieve syne |
