Disciplina	152.4
Soggetti	Affect (Psychology)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Preface 7 -- Felicity Colman -- Indication of the Contemporary 15 -- Force of Matter 23 -- Time in Motion 29 -- Sensitivity of Matter 33 Blind Feeling 39 -- Intensive Milieus 41 -- On Contingent (also) in the (Political) -- Encounter 57 -- References 63 -- Acknowledgments 69.
Sommario/riassunto	The way we conceive the human today is particularly affected by the shifts in media technology during the 20th century. Affect emerges as the new liminal concept that renders the body compatible in novel ways with the technology and politics of media. By ways of a relational reorganization the organic and technological life is condensed in a new, intense way to an ecology of affects.
