Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Cover; Voting Patterns in Post-Mubarak Egypt; NOTES; About The Authors; About This Report and the RAND Center for Middle East Public Policy; Copyright
Sommario/riassunto	As a means of helping U.S. policymakers and Middle East watchers better understand voting patterns in Egypt since the 2011 revolution, RAND researchers identified regional voting trends, where Islamist parties run strongest, and where non-Islamists are most competitive. Egypt appears headed toward a much more competitive political environment in which Islamists will be increasingly challenged to maintain their electoral edge.
