   Sommario/riassunto British and U.S. counterinsurgency (COIN) operations have been slow to
                    respond and adapt to the rise of the global jihadist insurgency, whose
                    base of support is global and whose exploitation of the virtual
                    dimension has outstripped the West's. After analy
