Livello bibliografico	Monografia
Nota di contenuto	Framework for understanding inequality in income and opportunity -- Trends in inequality -- The relationship between income inequality and intergenerational transmission of income -- Potential impact of policies on inequality and inequality of opportunity -- Conclusion and road map for further work.
Sommario/riassunto	The authors review recent trends in inequality in outcomes and opportunity and present evidence on their correlation across countries and within countries across time, then present a framework to understand the mechanisms underlying the relationship between inequalities in income and opportunity and discuss the potential effects of policies on opportunity and how these can be quantitatively assessed.
