Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Introduction -- The BMT trainee survey -- The MTI survey -- Survey participation and administration -- Reporting results and taking action -- Conclusion and additional recommendations for BMT -- Appendix A. Methodological details on the development of the survey content -- Appendix B. BMT trainee survey: abuse and misconduct -- Appendix C. MTI survey: quality of life and training abuse and misconduct -- Appendix D. Sample page from reporting template for trainee survey -- Appendix E. Proposed core content for an MTI survey recruitment letter -- Appendix F. Developing an integrated feedback system for addressing abuse and misconduct.
Sommario/riassunto	The U.S. Air Force's Air Education and Training Command asked RAND to develop an integrated survey system to help address abuse and misconduct by military training instructors (MTIs) toward trainees during Basic Military Training. RAND developed two complementary surveys, one for trainees and one for MTIs. The report also includes recommendations about survey administration, reporting the results, and tracking and monitoring abuse and misconduct.
