Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Cover; INTRODUCTION; Notes; Bibliography; About This Report; Copyright
Sommario/riassunto	The sharing of intelligence and law enforcement information is a central part of U.S. domestic security efforts, yet there are concerns about the effectiveness of information-sharing and fusion activities and their value relative to the public funds invested in them. This report lays out the challenges of evaluating information-sharing efforts that seek to achieve multiple goals simultaneously; reviews past evaluations of information-sharing programs; and lays out a path to improving the evaluation of such efforts.
