Nota di contenuto	pt. 1. Violence-prone netwars -- pt. 2. Social netwars -- pt. 3. Once and future netwars.
Sommario/riassunto	Netwar is the lower-intensity, societal-level counterpart to the editors earlier, mostly military concept of cyberwar. This volume studies major instances of netwar - such as bin Laden's network of terrorists - and finds, among other things, that netwar works very well.
