Nota di contenuto	Disengagement and deradicalization -- Survey of deradicalization programs -- Middle Eastern deradicalization programs -- Southeast Asian programs -- European approaches -- Collective deradicalization -- Implications and recommendations.
Sommario/riassunto	Measures to prevent vulnerable individuals from radicalizing and to rehabilitate those who have already embraced Islamist extremism have been implemented in several Middle Eastern, Southeast Asian, and European countries. This monograph describes and assesses the strengths and weaknesses of these programs and proposes steps that can be taken to promote and accelerate deradicalization processes.
