

1. Record Nr.	UNINA9910250059903321
Titolo	2017 22nd Microoptics Conference (MOC) // Institute of Electrical and Electronics Engineers (IEEE)
Pubbl/distr/stampa	Piscataway, New Jersey : , : Institute of Electrical and Electronics Engineers (IEEE), , 2017
ISBN	4-86348-609-X
Descrizione fisica	1 online resource : illustrations
Disciplina	621.381045
Soggetti	Miniature electronic equipment Optical communications Optoelectronic devices
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	MOC2017 covers micro optics technologies used in optical communications, optical interconnect, optoelectronic devices, optical sensing and processing, displays and lighting.
