In the Soviet South. Returning to Poland.<br>In the Ghettos. In the camps. On the Aryan Side -- The Zionists -- The<br>others.  |
| Sommario/riassunto      | Life in Transit is the long-awaited sequel to Shimon Redlich's widely<br>acclaimed Together and Apart in Brzezany, in which he discussed his<br>childhood during the War and the Holocaust. Life in Transit tells the<br>story of his adolescence in the city of Lodz in postwar Poland. Redlich's<br>personal memories are placed within the wider historical context of<br>Jewish life in Poland and in odz during the immediate postwar years.<br>Lodz in the years 1945-1950 was the second-largest city in the<br>country and the major urban center of the Jewish population. Redlich's<br>research based on conventional sources and numerous interviews<br>indicates that although the survivors still lived in the shadow of the |

Holocaust, postwar Jewish Lodz was permeated with a sense of vitality and hope.
