Sommario/riassunto	This book tells the incredible true story of Ranulfo Juárez, a Mexican immigrant. After working for years in the fields of Oregon and becoming a U.S. citizen, Ranulfo started making plans to buy a small bakery in 2005. But not knowing if the economy would hold steady, Ranulfo examined his dreams every morning in search of secret clues foretelling insight and a successful bakery-or homelessness. Ranulfo also enlisted author Peter Wogan, a white anthropology professor with a penchant for self-doubt, as his confidante and sidekick in this quest.

Readers won't know until the end whether Ranulfo became another innocent victim of the Financial Crisis of 2008, but, throughout, they will see Ranulfo and Peter confront naysayers and cheats, as well as their own differences and fears. Like Don Quixote, this book is comical, subversive, and inspirational. .

Aligning Apparel and Textile Sector Practices with the United Nations' Sustainable Development Goals.

Sommario/riassunto

This book provides a variety of cases at the intersection of the the United Nations 17 Sustainable Development Goals (SDGs) and sustainable textile and apparel supply chain management. The cases presented detail the relationship between apparel production and consumption and the SDGS and explore and how the textile and apparel industry can contribute to achieving these goals along the supply chain.
