Equity - Reform in 21st Century -- Great Social Transformation --

References -- Index.

Sommario/riassunto This book systematically reviews the development of social policy since

the establishment of the People's Republic of China. As such, it begins by investigating the establishment of the Insurance System in the early period, then moves on to the planned economy period, the Cultural

Revolution period, and the Reform and Opening Up period,

characterized by efforts to adapt to a market economy. For each period, the book examines the effect of the economic system, the mode of production and forms of employment for social policy design, so as to clarify the developing context of Chinese social policy, and to help readers grasp the legal aspects of social policy development and the main problems China faces in its present economic developmental
