A field experiment: the Lessons Learned Project Alchemists and virtuosos: knowledge for governance and experiments; Notes; References; Part II: Knowing Instruments: Modes of Governing; 5: Cultivating 'Nudge': Behavioural Governance in the UK; Experiments on social order; The rise of behavioural governance as empirical puzzle; From MINDSPACE to EAST; Political and epistemic authority in the making; State-science-society: re-imagining public relationships; Conclusion; Notes; References; 6: Realizing Instruments: Performativity in Emissions Trading and Citizen Panels; Introduction
Epistemic performativity

Sommario/riassunto

Knowing Governance sets out to understand governance through the design and making of its models and instruments. What kinds of knowledge do they require and reproduce? How are new understandings of governance produced in practice, by scientists and policy makers and by the publics with whom they engage?
