Titolo	Academic & Scientific Poster Presentation : A Modern Comprehensive Guide // by Nicholas Rowe
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2017
ISBN	3-319-61280-8
Edizione	[1st ed. 2017.]
Descrizione fisica	1 online resource (XV, 170 p. 27 illus., 22 illus. in color.)
Disciplina	570
Soggetti	Life sciences Chemistry Medicine Health Popular Life Sciences Popular Science in Chemistry and Materials Popular Science in Medicine and Health
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Introduction -- 1. Poster Presentations: Objectives, Functions and Issues.- 2. Knowledge Transfer in the Conference Setting -- 3. Preparation and Planning -- 4. Reconsidering Poster Presentation as a Combined Practice -- 5. Poster Design and the Viewer Perspective -- 6. Visual and Textual Elements: how we see posters -- 7. Presenting Information – images, facts and data -- 8. Themes, Color, Tone and Aesthetics -- 9. Evaluating Academic/Scientific Posters -- 10. Providing Supplementary Information -- 11. Delivering your Poster Presentation -- 12. Thinking Towards the Future.
Sommario/riassunto	This book offers the first comprehensive guide to poster presentation at academic, scientific and professional conferences. Each chapter explores different factors that impact upon how posters function, and how they fit within today's conference practices, as well as provides guidance on how to address compilation and presentation issues with the poster medium. Drawing from fields of education, psychology, advertising and other areas, the book offers examples of how theories

may be applied to practice in terms of both traditional paper and electronic poster formats. Importantly, the book offers a critical examination of how academic and scientific posters are able to achieve their potential for knowledge dissemination, networking and knowledge transfer. The many new and challenging findings provide an evidence-based approach to help both novice and experienced presenters compile effective poster presentations, and to see how poster presentations can best be used to share knowledge, facilitate networking, and promote dialogue. Additionally, educators, employers, and conference organizers may use this book to re-evaluate how conferences meet the needs of today's globally connected peer groups, and the benefit they provide at individual and group levels.
