   Sommario/riassunto This book contains the contributions presented at the 3rd international
                       KES conference on Smart Education and Smart e-Learning, which took
                       place in Puerto de la Cruz, Tenerife, Spain, June 15-17, 2016. It
                       contains a total of 56 peer-reviewed book chapters that are grouped
                       into several parts: Part 1 - Smart University: Conceptual Modeling, Part
                       2 – Smart Education: Research and Case Studies, Part 3 – Smart e-
                       Learning, Part 4 – Smart Education: Software and Hardware Systems,
                       and Part 5 – Smart Technology as a Resource to Improve Education and
                       Professional Training. We believe that the book will serve as a useful
                       source of research data and valuable information for faculty, scholars,
                       Ph.D. students, administrators, and practitioners - those who are
                       interested in innovative areas of smart education and smart e-learning.
