

1. Record Nr.	UNINA9910254261703321
Titolo	Hyperparathyroidism : A Clinical Casebook / / edited by Ann E. Kearns, Robert A. Wermers
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2016
ISBN	3-319-25880-X
Edizione	[1st ed. 2016.]
Descrizione fisica	1 online resource (204 p.)
Disciplina	610
Soggetti	Endocrinology Metabolic diseases Endocrinology Metabolic Diseases
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Asymptomatic Primary Hyperparathyroidism -- Severe Primary Hyperparathyroidism -- Nephrolithiasis in Primary Hyperparathyroidism -- Primary Hyperparathyroidism and Osteoporosis -- Parathyroid Hormone Measurement Considerations in Primary Hyperparathyroidism -- Parathyroidectomy Outcomes and Pathology in Primary Hyperparathyroidism -- Localization Considerations in Persistent Primary Hyperparathyroidism -- Ectopic Parathyroid Adenoma -- Parathyroid Surgery in Multiple Endocrine Neoplasia 1 -- Parathyroid Carcinoma -- Primary Hyperparathyroidism Due to Parathyromatosis -- Familial Hypocalciuric Hypercalcemia -- Medical Management of Primary Hyperparathyroidism -- Primary Hyperparathyroidism in Children and Adolescents -- Primary Hyperparathyroidism in Pregnancy -- Primary Hyperparathyroidism: Association with Co-Existent Secondary Causes of Hypercalcemia -- Medication Considerations in Hypercalcemia and Hyperparathyroidism -- Normocalcemic Primary Hyperparathyroidism -- Secondary Hyperparathyroidism -- Tertiary Hyperparathyroidism.
Sommario/riassunto	Comprised exclusively of clinical cases involving hyperparathyroidism, this concise, practical casebook will provide clinicians in endocrinology

with the best real-world strategies to properly diagnose and treat the various forms of the condition they may encounter. Each chapter is a case that opens with a unique clinical presentation, followed by a description of the diagnosis, assessment and management techniques used to treat it, as well as the case outcome and clinical pearls and pitfalls. Cases included illustrate primary, secondary and tertiary forms of hyperparathyroidism, as well as HPT as a comorbid or co-existing condition and as a result of treatment of other conditions. Pragmatic and reader-friendly, *Hyperparathyroidism: A Clinical Casebook* will be an excellent resource for endocrinologists and family medicine physicians alike.
