

1. Record Nr.	UNINA9910254466603321
Titolo	Complications of Anorectal Surgery : Prevention and Management // edited by Herand Abcarian, Jose Cintron, Richard Nelson
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2017
ISBN	3-319-48406-0
Edizione	[1st ed. 2017.]
Descrizione fisica	1 online resource (XII, 329 p. 103 illus., 73 illus. in color.)
Disciplina	617
Soggetti	Surgery Rectum—Surgery General Surgery Colorectal Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Surgery for Anorectal Abscess -- Anorectal Fistula Surgery -- Hemorrhoids -- Anal Fissure -- Pilonidal Cyst -- Hidradenitis Suppurativa -- Perineal Repair of Rectal Prolapse -- Rectocele Repair (ODS) -- RV Fistula Repair -- Incontinence -- Transanal Excision of Rectal Tumor (TEM or TAMIS) -- Anal Stenosis -- Retrorectal Cyst -- York Mason Procedure -- Pull Through Procedures -- Perineal Wound Post APR.
Sommario/riassunto	This text provides a comprehensive, state of the art review of complications related to anorectal surgical procedures old and new. As anorectal surgery has evolved throughout the decades, newer and at times unexpected complications arise as of necessity. Any surgeon not familiar with these, may be perplexed as to how to manage these specific complications and more importantly how to avoid such complications in the course of their future practice. Complications of Anorectal Surgery: Prevention and Management provides a very helpful resource for all surgeons performing anorectal surgery and will be particularly useful for general surgeons practicing in rural or small urban settings where access to a colon and rectal specialist, a large medical center or a resource medical library may be scarce or limited.
