

1. Record Nr.	UNINA9910254498103321
Titolo	Atlas of Office Based Andrology Procedures // edited by John P. Mulhall, Lawrence C. Jenkins
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2017
ISBN	3-319-42178-6
Edizione	[1st ed. 2017.]
Descrizione fisica	1 online resource (IX, 138 p. 128 illus., 114 illus. in color.)
Disciplina	616.6
Soggetti	Urology Nursing
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Focused Genital Exam -- Biothesiometry -- Nocturnal Penile Tumescence -- Penile Block -- Spermatic Cord Block -- Penile Duplex Doppler Ultrasonography -- Penile Deformity Assessment -- No-Scalpel Vasectomy -- Non-surgical Sperm Retrieval -- Subcutaneous Testosterone Pellet Insertion -- Intralesional Collagenase Injection -- Intralesional Verapamil -- Intramuscular Testosterone Training -- Vacuum Erection Device Training -- Penile Traction Device Training -- Intraurethral Alprostadil Training -- Intracavernosal Injection Training -- Office Management of Prolonged Erection/Priapism.
Sommario/riassunto	This text provides a comprehensive resource and step-by-step guide to the office based procedures that would commonly occur in an andrology practice. The main purpose of the text is to serve as a "how-to" guide for urology providers and staff to help with initial training or as a refresher prior to performing the procedures. Written by experts in the field, each chapter begins with information on necessary equipment and shows a series of images (photos and illustrations) on key points during the procedure, including tips and tricks of the trade. Atlas of Office Based Andrology Procedures provides a valuable resource for urologists, nurse practitioners, and physician assistants in practice, residents and fellows in urological training, and nurses and medical assistants who help with these procedures.
