

1. Record Nr.	UNINA9910254505803321
Titolo	Diversity and Inclusion in Quality Patient Care // edited by Marcus L. Martin, Sheryl Heron, Lisa Moreno-Walton, Anna Walker Jones
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2016
ISBN	3-319-22840-4
Edizione	[1st ed. 2016.]
Descrizione fisica	1 online resource (302 p.)
Disciplina	610
Soggetti	Emergency medicine Primary care (Medicine) Public health Culturally Competent Care Prejudice Attitude of Health Personnel Professional-Patient Relations Emergency Medicine Primary Care Medicine Public Health
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Defining Diversity in Quality Care -- Racial/Ethnic Healthcare Disparities and Inequities: Historical Perspectives -- Educating Medical Professionals to Deliver Quality Health Care to Diverse Patient Populations -- Culturally Competent Faculty -- Culturally Sensitive Care: A Review of Models & Educational Methods -- Interpreter Services -- The Patient-Physician Clinical Encounter -- Spiritual Care Services in Emergency Medicine -- Lesbian, Gay, or Bisexual (LGB): Caring with Quality and Compassion -- Culturally Competent Care of the Transgender Patient -- Looking Past Labels: Effective Care of the Psychiatric Patient -- Disability and Access -- Racial and Ethnic Disparities in the Emergency Department: A Public Health Perspective -- Vulnerable Populations: The Homeless and Incarcerated -- Vulnerable Populations: The Elderly -- Vulnerable Populations: Children

-- Religio-cultural Consideration When Providing Healthcare to American Muslims -- Disparities and Diversity in Biomedical Research -- Cultural Competency Case Studies: Transitional Introduction -- Case 1: African-American Infant and Family -- Case 2: Cambodian Refugee -- Case 3: Sickle Cell Crisis -- Case 4: Mongolian Spots -- Case 5: Death Disclosure -- Case 6: Coin Rubbing -- Case 7: Toxic Ingestion -- Case 8: Adolescent Indian Male Sikh -- Case 9: Intimate Partner Violence in the Gay Community -- Case 10: West Indian/Caribbean -- Case 11: American Indian -- Case 12: Spiritualism in the Latino Community -- Case 13: Islamic Patient -- Case 14: Pediatric Pain.

Sommario/riassunto

No other hospital department cares for patients as diverse as those who come to the Emergency Department (ED). These patients encompass all stages and positions of life and health. Many belong to distinct minority cultures defined by the patient's sexual orientation and gender identity, disability, spirituality, language, race, and ethnicity. It has been well documented that minorities experience inadequate emergency treatment and face poorer healthcare outcomes. Furthermore, research has established that the elderly, ethnic minorities, the poor, and persons with Medicaid coverage are more likely than other people to utilize the emergency department rather than primary care services. With the passage of the Affordable Care Act, particularly the Medicaid expansion, EDs across the United States are poised to care for an unprecedented number of underserved minorities. The need to equip emergency healthcare professionals to practice medicine that is culturally competent in the broadest possible sense has never been greater. Diversity and Inclusion in Quality Patient Care aims to fill this need.
