

1. Record Nr.	UNINA9910254511103321
Autore	Kumbrink Birgit
Titolo	K-Taping in Pediatrics : Basics Techniques Indications / / by Birgit Kumbrink
Pubbl/distr/stampa	Berlin, Heidelberg : , : Springer Berlin Heidelberg : , : Imprint : Springer, , 2016
ISBN	3-662-46585-X
Edizione	[1st ed. 2016.]
Descrizione fisica	1 online resource (154 p.)
Disciplina	610
Soggetti	Physiotherapy Pediatrics Sports medicine Orthopedics Sports Medicine
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes bibliographical references and index. "With 300 illustrations in colour." Includes index.
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	1. The K-Taping Method -- 2. The Four Application Techniques -- 3. Tape applications for specific indications.
Sommario/riassunto	K-Taping – now with options for the treatment of children Already integrated successfully in competitive sports, medical treatment and rehabilitation programs, K-Taping therapy offers physical, occupational and speech therapists a wide range of options for the treatment of infants, small children and younger patients. K-Taping can now be integrated into pediatric physiotherapy and speech therapy, aiding in the treatment of a range of conditions including postural defects, deformities of the feet and dysphagia. About the content K-Taping in theory - The properties, function and mode of action of elastic K-Tape - The effects of K-Tape therapy - The fundamentals of K-Tape application - The specifics of K-taping therapy for children - Contraindications K-Taping in practice - The four major application techniques (muscle, ligament, correction and lymph applications) including common indications in children, and

practical examples - The appropriate technique for more than 50
medical indications - Step by step guidance with photo series,
practical tips and alternative applications About the author Birgit
Kumbrink, founder and medical director of the international K-Taping
Academy, Dortmund, Germany and one of the most experienced users
and teachers of the treatment method internationally. The course
companion and practical manual – for therapists, midwives and
pediatricians.
