

1. Record Nr.	UNINA9910254548003321
Autore	Brodsky Michael C.
Titolo	Pediatric Neuro-Ophthalmology / / by Michael C. Brodsky
Pubbl/distr/stampa	New York, NY : , : Springer New York : , : Imprint : Springer, , 2016
ISBN	1-4939-3384-1
Edizione	[3rd ed. 2016.]
Descrizione fisica	1 online resource (XXI, 823 p. 294 illus., 146 illus. in color.)
Disciplina	618.920977
Soggetti	Ophthalmology Neurology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	1. The Apparently Blind Infant -- Introduction -- Hereditary Retinal Disorders -- Leber Congenital Amaurosis -- Joubert Syndrome -- Congenital Stationary Night Blindness -- Achromatopsia -- Congenital Optic Nerve Disorders -- Cortical Visual Insufficiency -- Causes of Cortical Visual Loss -- Neurologic and Systemic Disorders -- Characteristics of Visual Function -- Neuro-Ophthalmologic Findings -- Diagnostic and Prognostic Considerations -- Role of Visual Attention -- Subcortical Visual Loss (or Periventricular Leukomalacia) -- Neuroimaging Abnormalities and their Implications -- Neuro-Ophthalmologic Findings -- Perceptual Difficulties -- Dorsal and Ventral Stream Dysfunction -- Pathophysiology -- Intraventricular Hemorrhage -- Periventricular and Intraventricular Hemorrhage -- Hemianopic Visual Field Defects in Children -- Delayed Visual Maturation -- Blindsight -- The Effect of Total Blindness on Circadian Regulation -- Horizons -- 2. Congenital Optic Disc Anomalies -- Introduction -- Optic Nerve Hypoplasia -- Excavated Optic Disc Anomalies -- Morning Glory Disc Anomaly -- Optic Disc Coloboma -- Peripapillary Staphyloma -- Megalopapilla -- Optic Pit -- Papillorenal Syndrome (The Vacant Optic Disc) -- Congenital Tilted Disc Syndrome -- Optic Disc Dysplasia -- Congenital Optic Disc Pigmentation -- Aicardi Syndrome -- Doubling of the Optic Disc -- Optic Nerve Aplasia -- Myelinated (Medullated) Nerve Fibers -- The Albinotic Optic Disc -- 3. The Swollen Optic Disc -- Papilledema -- Idiopathic Intracranial Hypertension (IIH) in Children -- Optic Disc Swelling Secondary to

Neurological Disease -- Optic Disc Swelling Secondary to Systemic Disease -- Uveitis -- Posttraumatic Optic Disc Swelling -- Intrinsic Optic Disc Tumors -- Optic Disc Hemangioma -- Tuberous Sclerosis -- Optic Disc Glioma -- Combined Hamartoma of the Retina and RPE -- Retrobulbar Tumors -- Optic Neuritis in Children -- History and Physical Examination -- Postinfectious Optic Neuritis -- Disseminated Encephalomyelitis -- MS and Pediatric Optic Neuritis -- Devic Disease (Neuromyelitis Optica) -- Prognosis and Treatment -- Course of Visual Loss and Visual Recovery -- Systemic Prognosis -- Systemic Evaluation of Pediatric Optic Neuritis -- Treatment -- Leber Idiopathic Stellate Neuroretinitis -- Ischemic Optic Neuropathy -- Autoimmune Optic Neuropathy -- Pseudopapilledema -- Optic Disc Drusen -- Ocular Disorders Associated with Pseudopapilledema -- Systemic Disorders Associated with Pseudopapilledema -- 4. Optic Atrophy -- Introduction -- Optic Atrophy Associated with Retinal Disease -- Optic Atrophy Vs. Hypoplasia -- Causes of Optic Atrophy in Children -- Compressive/Infiltrative Intracranial Lesions -- Noncompressive Causes of Optic Atrophy in Children with Brain Tumors -- Hereditary Optic Atrophy -- Dominant Optic Atrophy (Kjer Type) -- Leber Hereditary Optic Neuropathy -- Recessive Optic Atrophy -- Behr Syndrome -- Wolfram Syndrome (DIDMOAD) -- Toxic/Nutritional Optic Neuropathy -- Neurodegenerative Disorders with Optic Atrophy -- Organic Acidurias -- Optic Atrophy due to Hypoxia-Ischemia -- Traumatic Optic Atrophy -- Miscellaneous Causes -- Summary of the General Approach to the Child with Optic Atrophy -- 5. Transient, Unexplained, and Psychogenic Visual Loss -- Introduction -- Transient Visual Loss -- Migraine -- Epilepsy -- Posttraumatic Transient Cerebral Blindness -- Cardiogenic Embolism -- Nonmigrainous Cerebrovascular Disease -- Miscellaneous Transient Visual Disturbances in Children -- Toxic and Nontoxic Drug Effects -- Summary of Clinical Approach to the Child with Transient Visual Disturbances -- Laboratory Evaluation of Transient Visual Disturbances in Children -- Unexplained Visual Loss in Children -- Causes of Unexplained Visual Loss in Childhood -- Psychogenic Visual Loss in Children -- Clinical Profile -- Neuro-Ophthalmologic Findings -- Categories of Psychogenic Visual Loss in Children -- Management of Psychogenic Visual Loss in Children -- Horizons -- 6. Ocular Motor Nerve Palsies -- Introduction -- Oculomotor Nerve Palsy -- Clinical Anatomy -- Clinical Features -- Partial Forms of Oculomotor Palsy -- Oculomotor Synkinesis -- Etiology -- Vascular Third Nerve Palsy in Children -- Differential Diagnosis -- Management -- Trochlear Nerve Palsy -- Clinical Anatomy -- Clinical Features -- Bilateral Trochlear Nerve Palsy -- Etiology -- Differential Diagnosis -- Treatment -- Abducens Nerve Palsy -- Anatomy -- Clinical Features -- Causes of Sixth Nerve Palsy -- Differential Diagnosis -- Duane Retraction Syndrome -- Management of Sixth Nerve Pals -- Multiple Cranial Nerve Palsies in Children -- Horizons -- 7. Complex Ocular Motor Disorders -- Introduction -- Strabismus in Children with Neurological Dysfunction -- Visuovestibular Disorders -- Neurologic Esotropia -- Neurologic Exotropia -- Skew Deviation -- Gaze Palsies, Gaze Deviations, and Ophthalmoplegia -- Horizontal Gaze Palsy in Children -- Congenital Ocular Motor Apraxia -- Vertical Gaze Palsies in Children -- Diffuse Ophthalmoplegia in Children -- Chronic Progressive External Ophthalmoplegia -- Myasthenia Gravis -- Olivopontocerebellar Atrophy -- Botulism -- Fisher Syndrome: A Variant of Guillain-Barré Syndrome -- Bickerstaff Brainstem Encephalitis -- Tick Paralysis -- Wernicke Encephalopathy -- Miscellaneous Causes of Ophthalmoplegia -- Transient Ocular Motor Disturbances of Infancy -- Transient Neonatal

Strabismus -- Transient Idiopathic Nystagmus -- Tonic Downgaze --
 Tonic Upgaze -- Neonatal Opsoclonus -- Transient Vertical
 Strabismus in Infancy -- Congenital Cranial Dysinnervation Syndromes
 -- Congenital Ptosis -- Marcus Gunn Jaw Winking (Trigemino-
 Oculomotor Synkinesis) -- Congenital Fibrosis Syndrome -- Congenital
 Horizontal Gaze Palsy with Scoliosis -- Möbius Sequence -- Monocular
 Elevation Deficiency, or "Double Elevator Palsy" -- Brown Syndrome --
 Other Pathologic Synkineses -- Internuclear Ophthalmoplegia -- Cyclic,
 Periodic, or Aperiodic Disorders Affecting Ocular Structures -- Ocular
 Neuromyotonia -- Ocular Motor Adaptations and Disorders in Patients
 with Hemispheric Abnormalities -- Movement Tics -- Eyelid
 Abnormalities in Children -- Congenital Ptosis -- Excessive Blinking in
 Children -- Hemifacial Spasm -- Eyelid Retraction -- Apraxia of Eyelid
 Opening -- Pupillary Abnormalities -- Congenital Bilateral Mydriasis --
 Accommodative Paresis -- Adie Syndrome -- Horner Syndrome -- 8.
 Nystagmus -- Introduction -- Infantile Nystagmus -- Clinical Features
 -- Onset of Infantile Nystagmus -- Terminology -- History and
 Physical Examination -- ERG -- Hemispheric Visual Evoked Potentials
 -- Overlap of Infantile Nystagmus and Strabismus -- Eye Movement
 Recordings in Infantile Nystagmus -- Contrast Sensitivity and Pattern
 Detection Thresholds in Infantile Nystagmus -- Theories of Causation
 -- Visual Disorders Precipitating Infantile Nystagmus -- When to
 Obtain Neuroimaging Studies in Children with Nystagmus -- Treatment
 -- Spasmus Nutans -- Russell Diencephalic Syndrome of Infancy --
 Monocular Nystagmus -- Nystagmus Associated with Infantile
 Esotropia -- Torsional Nystagmus -- Horizontal Nystagmus --
 Nystagmus -- Nystagmus Blockage Syndrome -- Treatment of
 Nystagmus Blockage Syndrome -- Vertical Nystagmus -- Upbeating
 Nystagmus in Infancy -- Congenital Downbeat Nystagmus --
 Hereditary Vertical Nystagmus -- Periodic Alternating Nystagmus --
 Seesaw Nystagmus -- Congenital versus Acquired Seesaw Nystagmus
 -- Saccadic Oscillations that Simulate Nystagmus -- Retraction
 Nystagmus -- Opsoclonus and Ocular Flutter -- Voluntary Nystagmus
 -- Ocular Bobbing -- Neurological Nystagmus -- Leigh Subacute
 Necrotizing Encephalomyelopathy -- Pelizaeus-Merzbacher Disease --
 Joubert Syndrome -- Santavuori-Haltia Disease -- Infantile
 Neuroaxonal Dystrophy -- Deficient Glycoprotein Syndromes -- Down
 Syndrome -- Hypothyroidism -- Maple Syrup Urine Disease --
 Nutritional Nystagmus -- Epileptic Nystagmus -- Cobalamin C
 Methylmalonic Aciduria and Homocystinuria -- Familial
 Vestibulocerebellar Disorder -- Summary -- 9. Torticollis and Head
 Oscillations -- Introduction -- Torticollis -- Ocular Torticollis -- Head
 Tilts -- Head Turns -- Vertical Head Positions -- Refractive Causes of
 Torticollis -- Neuromuscular Causes of Torticollis -- Systemic Causes
 of Torticollis -- Head Oscillations -- Head Nodding with Nystagmus --
 Head Nodding without Nystagmus -- Visual Disorders -- Otological
 Abnormalities -- Systemic Disorders -- 10. Neuro-Ophthalmologic
 Manifestations of Neurodegenerative Disorders -- Introduction --
 Neuronal Disease -- Neuronal Ceroid Lipofuscinosis -- Lysosomal
 Diseases -- Gangliosidoses -- Mucopolysaccharidoses -- Subacute
 Sclerosing Panencephalitis -- White Matter Disorders -- Metachromatic
 Leukodystrophy -- Canavan Disease (Spongy Degeneration of Cerebral
 White Matter) -- Krabbe Disease -- Pelizaeus-Merzbacher Disease --
 Cockayne Syndrome -- Alexander Disease -- Sjögren-Larsson
 Syndrome -- Cerebrotendinous Xanthomatosis -- Peroxisomal
 Disorders -- Zellweger Syndrome -- Adrenoleukodystrophy -- Basal
 Ganglia Disease -- Pantothenate Kinase-Associated Neurodegeneration
 -- Wilson Disease -- Aminoacidopathies and Other Biochemical

Defects -- Maple Syrup Urine Disease -- Homocystinuria -- Abetalipoproteinemia -- Mitochondrial Encephalomyelopathies -- Chronic Progressive External Ophthalmoplegia (CPEO) -- Leigh Subacute Necrotizing Encephalomyelopathy -- Mitochondrial Encephalomyelopathy and Stroke-Like Episodes (MELAS) -- Myoclonic Epilepsy and Ragged Red Fibers (MERRF) -- Mitochondrial Depletion Syndrome -- Congenital Disorders of Glycosylation -- Horizons -- 11. Neuro-Ophthalmologic Manifestations of Systemic and Intracranial Disease -- Introduction -- The Phakomatoses -- Neurofibromatosis (NF1) -- Neurofibromatosis 2 (NF2) -- Tuberous Sclerosis -- Sturge-Weber Syndrome -- von Hippel-Lindau Disease -- Ataxia Telangiectasia -- Linear Nevus Sebaceous Syndrome -- Klippel.

Sommario/riassunto

Pediatric Neuro-Ophthalmology, 3rd edition provides the single authoritative resource on the pathophysiology, diagnostic evaluation, and treatment of neuro-ophthalmologic disorders in children. This book is encyclopedic in scope, incorporating extensive references for each condition, numerous diagrams and pictures, and a detailed analysis of the clinical disorders included in the differential diagnosis of each condition. The third edition builds upon this format to incorporate new discoveries about mechanisms of disease, new diagnostic modalities, advances in treatment in the field of pediatric neuro-ophthalmology, and updated neuroimaging figures.
