

1. Record Nr.	UNINA9910254655903321
Titolo	Chest Sonography // edited by Gebhard Mathis
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2017
ISBN	3-319-44072-1
Edizione	[4th ed. 2017.]
Descrizione fisica	1 online resource (VII, 219 p. 47 illus., 42 illus. in color.)
Disciplina	616.0757
Soggetti	Radiology Respiratory organs—Diseases Chest - Surgery Diagnostic Radiology Pneumology/Respiratory System Thoracic Surgery
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Indications, Technical Equipment and Investigation Procedure -- Ultrasonography of the Chest Wall -- Pleura -- Interstitial Syndrome -- Lung Consolidation -- Mediastinum -- Endobronchial Sonography -- Vascularization -- Image Artifacts and Pitfalls -- Interventional Chest Sonography -- From the Symptom to the Diagnosis -- Emergency Thoracic Ultrasound.
Sommario/riassunto	This book, widely regarded as the standard work in the field, presents the state of the art in chest sonography with the aid of a wealth of excellent illustrations. It provides the reader with concise, easy-to-assimilate information on all aspects of the use of the modality, including indications, investigative techniques, diagnostic decision making, and imaging artifacts and pitfalls. Numerous tips and tricks and potential sources of diagnostic error are highlighted to aid in daily clinical practice. This fourth edition has been extensively revised to take full account of the latest techniques, study results, and meta-analyses, with inclusion of important additional illustrative material. An entirely new chapter is devoted to interstitial syndrome, and detailed guidance is provided on contrast-enhanced sonography, ultrasound

techniques for evaluation of the mediastinum, and the role of chest sonography in emergency medicine. As the value of the technique continues to grow, readers will find Chest Sonography to be a superb up-to-date resource and guide.
