Edizione	[1st ed. 2016.]
Descrizione fisica	1 online resource (488 pages) : illustrations, tables
Disciplina	331.12
Soggetti	Medical economics Macroeconomics Health Economics Macroeconomics and Monetary Economics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Sommario/riassunto	The global crisis has led to dramatic increases in unemployment rates over most of the countries of the OECD. This book provides alternative explanations of this phenomenon. Junankar begins with surveys of the labour market: labour demand, labour supply, and labour force participation. He argues that the growth of unemployment and long-term unemployment is mainly due to a lack of aggregated demand and not due to high unemployment benefits. Economics of the Labour Market shows that unemployment and long-term unemployment impose serious and significant costs on individuals, families, and society in general. Raja Junankar focuses on vital social issues arising from the malfunctioning of economies and this collection of essays tackles the real cost of unemployment.
