Descrizione fisica	1 online resource (302 pages) : digital, PDF file(s)
Collana	IIAS publications series. Monographs ; ; 1
Disciplina	610.95
Soggetti	Medicine - Asia - History - 19th century Medicine - Asia - History - 20th century Tibet Autonomous Region (China) Bhutan Sikkim (India)
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 15 Jan 2021).
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Front matter -- Contents -- Acknowledgements -- List of Maps and Tables -- Glossary -- Introduction -- 1. Missionary Medicine and the Rise of Kalimpong -- 2. Sikkim: Imperial Stepping-stone to Tibet -- 3. Biomedicine and Buddhist Medicine in Tibet -- 4. Medical myths and Tibetan trends -- 5. Bhutan: A Later Development -- 6. The Choice of Systems -- Conclusions -- Appendix: Attendance at Gyantse and Yatung IMS dispensaries -- Notes -- Bibliography -- Index
Sommario/riassunto	By the end of the 19th century, British imperial medical officers and Christian medical missionaries had introduced Western medicine to Tibet, Sikkim, and Bhutan. <i>Their Footprints Remain</i> uses archival sources, personal letters, diaries, and oral sources in order to tell the fascinating story of how this once-new medical system became imbedded in the Himalayas. Of interest to anyone with an interest in medical history and anthropology, as well as the Himalayan world, this volume not only identifies the individuals involved and describes how they helped to spread this form of imperialist medicine, but also discusses its reception by a local people whose own medical practices

were based on an entirely different understanding of the world.

Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Sommario/riassunto	This book, the second of two volumes, continues the authors' ground-breaking re-examination of India's history and political economy. Using the novel perspective of analysing India as an organization, volume two closely considers the country's fortunes in the twentieth century and how the country's history and political economy have been brought to bear on its functioning. This volume describes the economic fortunes of India in the second half of the 20th century. Beginning with the reconstruction of the Planning Commission and India's hybrid model of

economic planning, the authors describe the multiple shocks weathered by the system before being replaced with a fully free market model after the collapse of the Soviet Union. Chapters consider the stresses placed on India's organisation by the shocks of the twentieth century, from its experiments with a socialist economy to its embrace of the Washington consensus in the 1980s. The impact of the invasion of China in 1962 and India's struggle to find its feet post-partition are also given detailed analysis. The book's unique perspective helps to shed light, for the first time, on how India's organisational structure negotiated the country's immense historical and cultural inheritance with the stresses of a twentieth century nation state. The authors consider what lessons can be drawn from India's successes and failures at aligning its goals and organisations with its heritage and mission.
