Huaguoshan and Guizhou -- Letter 17. The Art of the Steal -- Letter 18. Hukou's There? -- Letter 19. China's "Japan Moment".

Sommario/riassunto

This book delivers the fascinating account of one Western family's time living and working in China. Told through a series of letters, *China from the Inside: Letters from an Economist* presents insights into the society and economy of a country that is often opaque to outsiders and poorly understood. The author's expertise as an economist, and the family's efforts to integrate into Chinese society, furnish a vivid and unique account. It provides a valuable new perspective on the Chinese worldview, social relations and economy, as well as informed opinion on its projected economic development. Addressing issues ranging from the education system to the sustainability of economic growth, this is an accessible and engaging book that will be essential reading for all those interested in China and its future. .
