

1. Record Nr.	UNINA9910255152403321
Titolo	7th International Conference on University Learning and Teaching (InCULT 2014) Proceedings : Educate to Innovate / / edited by Chan Yuen Fook, Gurnam Kaur Sidhu, Suthagar Narasuman, Lee Lai Fong, Shireena Basree Abdul Rahman
Pubbl/distr/stampa	Singapore : , : Springer Nature Singapore : , : Imprint : Springer, , 2016
ISBN	9789812876645 9812876642
Edizione	[1st ed. 2016.]
Descrizione fisica	1 online resource (849 p.)
Disciplina	370
Soggetti	Learning, Psychology of Instructional Psychology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters.
Nota di contenuto	1 An analysis of the effect of demographic factors on the level of ICT integration -- 2 The relationship between learning culture and high performance and productivity culture with job satisfaction: A study among employees in one public organization in Sarawak, Malaysia -- 3 E-integral map: An innovative integral calculus learning -- 4 Science learners' conceptions on the scientific theory-law relationship: A phenomenographic case study -- 5 Attitude on microteaching: A study on third and fourth year science student teachers of the Faculty of Education, UiTM -- 6 Use of CAOS test in Introductory Statistics subject -- 7 Culturally responsive pedagogy: Experience in the visual art education classroom -- 8 Prevalence rate of dyscalculia according to gender and school location in Sabah, Malaysia -- 9 Perceived effectiveness of the Basic English curriculum: Vietnamese university graduates' perspectives -- 10 Assessment strategies to enhance learning in higher education -- 11 Learning fractions -- 12 Teaching complex theoretical subjects using digital game-based learning in the Faculty of Creative Industries, UTAR -- 13 Factor structure of Statistics Anxiety Rating Scale (STARS): EFA and CFA using Malaysian undergraduate psychology students -- 14 Learning Arabic language among diploma students in UiTM: A look at students' perspective -- 15

Exploring supervisors' perspectives to enhance postgraduate supervision -- 16 Understanding of diffusion, osmosis and particulate theory of matter conceptions among pre-service Biology teachers -- 17 Reorientation of knowledge among primary school teachers in adopting a transformed classroom assessment policy -- 18 Academic dishonesty among business students: Cheating acts and proposed ways to reduce cheating behavior -- 19 Confused, bored, excited? An emotion based approach to the design of online learning systems -- 20 The use of motivational strategies by ESL teachers in the National Defence University of Malaysia (NDUM) -- 21 Application of Rasch Measurement Model in evaluating student performance for Foundation of Computing II -- 22 Language and content (subject matter) challenges experienced by Accountancy students in Law courses -- 23 Transfer of training and its relationship with reasons for participation and realization factors - A study of ICT training among teachers of a public secondary school in Malaysia -- 24 The impact of collaborative learning using Wikis among Japanese as a Foreign Language (JFL) learners of the tertiary level -- 25 Postgraduate students' engagement through critical literacy awareness -- 26 The impact of reflective inquiry on professional development of student teachers -- 27 Supervisors' written feedback on thesis writing: Postgraduate students' perspectives and concerns -- 28 Factors contributing to students' poor performance in a Mathematics Preparatory program -- 29 Enhancing Malaysian students' learning with interactive multimedia and the web: The MILE Project -- 30 Innovating learners through readings: Investigating ESL students' reading performance -- 31 Students' perceptions of using Project-based Learning: A case study of UiTM -- 32 Error in solving Mathematical word problem: A study of preparatory diploma program -- 33 Towards inclusive education in Malaysian universities: Addressing the barriers, challenges and needs of special educational needs learners -- 34 A multi-domain framework for modelling educational games: Towards the development of effective educational games -- 35 Usability testing for culturally-enhanced serious game -- 36 Organizational innovativeness as predictors to organizational performance of public universities in Malaysia -- 37 Excellent teachers' perceptions on the causes of disciplinary problems among secondary school students -- 38 A study on the interpersonal behaviors of trainee teachers with their students during teaching practicum -- 39 Enhancing e-learning using Smart Mobile English Learning Tool (SMELT) -- 40 Does one size fit all? The academic writing needs of undergraduates across disciplines -- 41 Experiential learning in the wilderness: Outdoor education program toward enhancing college students' leadership practices -- 42 Teachers' perceptions on ethics when using social medias: A preliminary study -- 43 Using Class Blogs in improving lower secondary school students' motivation in understanding literature in Muar -- 44 Secondary school students' knowledge and awareness on environmental issues -- 45 A study on trainee teachers' locus of control: A case of Universiti Teknologi MARA -- 46 Science teachers' continuous professional development: A preliminary finding -- 47 Peer evaluation system in team work skills assessment -- 48 A preliminary study of a project-based learning into the electronic portfolio systems -- 49 Effectiveness of computerized homework implementation in Thermodynamics: Correlation between doing the homework and the grade -- 50 Academic dishonesty among business students: A descriptive study of plagiarism behavior -- 51 Innovating ESL listening instructions through the learners' perspectives on technology-enhanced blended learning -- 52 Investigating the needs for innovative online-based research practices in the ESL classrooms -- 53 Process

Oriented Guided Inquiry Learning (POGIL) in Discrete Mathematics -- 54 A preliminary study on selected Malaysian millennial: Their characteristics and its implications on teaching innovation -- 55 A Romanised Mandarin Web-Based Instruction: Its economic potentials and acceptance levels of non-native Mandarin learners -- 56 MITRANS postgraduate research programs in Transport and Logistics: Program outcomes survey -- 57 Plagiarism in academic writing among TESL postgraduate students: A case study -- 58 "To cheat or not to cheat, that is the question": Undergraduates' moral reasoning and academic dishonesty -- 59 Exploring metacognitive strategies of ESL students during online listening assessment -- 60 Effectiveness of courseware presentation using learning theory for a programming subject -- 61 Student readiness of a newly-designed blended learning English language proficiency course in UiTM -- 62 Can technology make a difference for shy undergraduates? -- 63 "A" Maths Potential Program: A case study of Mathematical learning using technology-based approach -- 64 TPACK in VAE: A study on students' readiness to use e-learning using technology-based approach -- 65 An innovative decision making style strategy framework for sustainable leadership amongst deans of public universities -- 66 Because I'm happy: Investigating the effects of a social outreach project on happiness among ESL learners in a Malaysian private university -- 67 Nonverbal communication among Arab debaters in Malaysia.

---

#### Sommario/riassunto

The book comprises papers presented at the 7th International Conference on University Learning and Teaching (InCULT) 2014, which was hosted by the Asian Centre for Research on University Learning and Teaching (ACRULeT) located at the Faculty of Education, Universiti Teknologi MARA, Shah Alam, Malaysia. It was co-hosted by the University of Hertfordshire, UK; the University of South Australia; the University of Ohio, USA; Taylor's University, Malaysia and the Training Academy for Higher Education (AKEPT), Ministry of Education, Malaysia. A total of 165 papers were presented by speakers from around the world based on the theme "Educate to Innovate in the 21st Century." The papers in this timely book cover the latest developments, issues and concerns in the field of teaching and learning and provide a valuable reference resource on university teaching and learning for lecturers, educators, researchers and policy makers.
