                       Course summary -- 14. Course context -- Index of notions -- Index of
                       names.

   Sommario/riassunto "[Foucault] must be reckoned with." – The New York Times Book Review   PRAISE
                       FOR FOUCAULT'S WORKS IN THE LECTURES AT THE COLLÈGE DE
                       FRANCE SERIES   "Ideas spark off nearly every page… The words may
                       have been spoken in [the 1970s] but they seem as alive and relevant as
                       if they had been written yesterday" – Bookforum   "Foucault is quite
                       central to our sense of where we are…" – The Nation   "[Foucault] has
                       an alert and sensitive mind that can ignore the familiar surfaces of

established intellectual codes and ask new questions... [He] gives dramatic quality to the movement of culture." –The New York Review of Books   "These lectures offer important insights into the evolution of the primary focus of Foucault's later work – the relationship between power and knowledge." – Library Journal.
