Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Introduction: remembering and reviving in states of flux -- Archive me! media, memory, uncertainty -- Memory, media and methodological footings -- Rejoining through states of emergency -- Towards a memo-techno-ecology: mediating memories of extreme flooding in resilient communities -- Digitizing the memorial: institutional and vernacular remembrances of the Taiwanese 921 earthquake and typhoon Morakot -- Geolocating the past: online memories after the l'Aquila earthquake -- Reforming states of affairs -- Disrupting the past, reframing the present: websites, alternative histories and petit recits as black nationalist politics -- Feminist impact: exploring the cultural memory of second-wave feminism in contemporary Italy -- Echoes of the Spanish Revolution: social memories, social struggles --

Asbestos memories: journalistic "mediation" in mediated prospective memory -- Recollecting states of identities -- Stories of love and hate: cultural memory in the Cuban diaspora -- Media memory practices and community of remembrance: youth radio DT64 -- August 1991 and the memory of communism in Russia -- Recalling states of life 305 -- Mourning in a "sociotechnically" acceptable manner: a Facebook case study -- Remembering, witnessing, bringing closure: Srebrenica burial ceremonies on YouTube -- Remembering Zyzz: distributed memories on distributed networks.

---

Sommario/riassunto

Considering both retrospective memories and the prospective employment of memories, *Memory in a Mediated World* examines troubled times that demand resolution, recovery and restoration. Its contributions provide empirically grounded analyses of how media are employed by individuals and social groups to connect the past, the present and the future.
