and Social Areas on the Web -- V. Two Further Observations -- 14. Five Reflections on Holocaust Denial and the De-legitimation of Israel -- 15. Ex Malo Bono: Does this Latin Proverb Apply to Holocaust Denial? The Cunning of Reason.

Sommario/riassunto

Divided into five discrete sections, this book not only broaches the issue of Islamist denial of the Holocaust in the Middle East but also attempts to understand the Western paradox by looking at antisemitism before and since the Holocaust in Europe and the United States. It thus offers both a historical and contemporary perspective. This volume includes observations by leading scholars, delivering powerful, even controversial essays by scholars who are reporting from the 'frontline.' It offers a discussion on the relationship between Christianity and Islam, as well as the historical and contemporary issues of antisemitism in the USA, Europe, and the Middle East. This book explores how all of these issues contribute consciously or otherwise to contemporary antisemitism. The chapters of this volume do not necessarily provide a unity of argument - nor should they. Instead, they expose the plurality of positions within the academy and reflect the robust discussions that occur on the subject. .
