Livello bibliografico	Monografia
Nota di contenuto	Part I Estonian Law -- Part II Latvian Law -- Part III Lithuanian Law.
Sommario/riassunto	This is the first book to present the law of the Baltic States in one comprehensive and coherent volume in English. The Baltic States region, which was incorporated by the Soviet Union for 50 years and now is the only such territory in the EU, continues to be characterized by a number of unique traits, problems and developmental trends. This book addresses these facets of law – the status quo, problems and trends – by adopting a comparative perspective structure for all three Baltic States (divided into three main parts – Estonia, Latvia and Lithuania). Each of these parts examines similar core aspects: General Frameworks, Public Law, and Private Law. Taking into account the peculiarities of each country, the individual chapters provide analyses of principles, problems and developments in specific legal branches. The authors of the book are recognized academics and professionals in the field of law. Taken together, their contributions offer a valuable tool and resource for anyone interested in the law of the Baltic States: students, legal practitioners, scholars, administrators, etc.
