Descrizione fisica	1 online resource (854 p.)
Disciplina	320
Soggetti	Economics Social policy Economics - Sociological aspects European Economic Community literature Population International Political Economy Social Policy Organizational Studies, Economic Sociology European Integration Population Economics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters.
Nota di contenuto	Preface -- Introduction -- Part I: Country Studies -- Part II: Comparative Analyses.
Sommario/riassunto	<p>This book provides the first comprehensive analyses of the challenges all European welfare systems have been facing since 2007, combining in-depth country-based studies and comparative chapters. It focuses on: 1) the economic and financial crisis, 2) demographic change, and 3) the balance between avoiding risks and opening up opportunities in social policy. The results show that European welfare systems tend to face the same challenges in different ways and that also their responses to those challenges differ considerably. Although the EU also plays a part in shaping national welfare systems, it becomes evident that European welfare systems are by no means converging: in terms of social policy, national diversity within Europe is still a major factor that</p>

will shape future developments in European welfare systems.
