

1. Record Nr.	UNINA9910255452403321
Autore	Mahmud Rohela
Titolo	Medical Parasitology : A Textbook // by Rohela Mahmud, Yvonne Ai Lian Lim, Amirah Amir
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2017
ISBN	3-319-68795-6
Edizione	[1st ed. 2017.]
Descrizione fisica	1 online resource (XI, 191 p. 82 illus. in color.)
Disciplina	616.96
Soggetti	Parasitology Infectious diseases Drug resistance Infectious Diseases Drug Resistance
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Section 1 Basic concepts in medical parasitology -- Section 2 MUST KNOW infections in medical parasitology. Protozoan infections -- Helminth infections -- Section 3 Integration of parasitic infections -- Foodborne parasites -- Waterborne parasites -- Vectorborne parasites -- Zoonotic parasites.
Sommario/riassunto	This textbook will provide a systematic comprehension of the various medically important human parasites; their distribution, habitat, morphology and life cycle, pathogenesis and clinical features, laboratory diagnosis, treatment, prevention and control. The main emphasis is on the protozoan and helminthic diseases, also medical entomology covering vectors relevant to these diseases. The book aims to promote an easy yet comprehensive way of learning parasitology. It attempts to break down the complexity of medical parasitology into parts that are easy to understand yet integrating the essential information of parasitic infections. The integration of knowledge of parasites will be achieved through student friendly illustrations, inclusion of a collection of recent case reports, examples of test questions and scenarios, and the images of human parasites.

Essentially, it provides a “one-stop learning package” for medical parasitology. .
