Gyeongbokgung Palace and the Japanese Government-General Building (JGGB): Power Struggles and the Contested Places of Korean National Identity -- 5. Dongdaemun Stadium: Between Korean Tradition, Colonial Memory, and Dreams for the Future -- 6. South Korean Responses to Japanese Colonial Occupation Architecture (JCOA) -- Conclusion: The role of Difficult Heritage in Nation-Building in South Korea.

## Sommario/riassunto

This book explores South Korean responses to the architecture of the Japanese colonial occupation of Korea and the ways that architecture illustrates the relationship between difficult heritage and the formation of national identity. Detailing the specific case of Seoul, Hyun Kyung Lee investigates how buildings are selectively destroyed, preserved, or reconstructed in order to either establish or challenge the cultural identity of places as new political orders are developed. In addition, she illuminates the Korean traditional concept of feng shui as a core indigenous framework for understanding the relationship between space and power, as it is associated with nation-building processes and heritagization. By providing a detailed study of a case little known outside of East Asia, 'Difficult Heritage' in Nation Building will expand the framework of Western-centered heritage research by introducing novel Asian perspectives.

Sommario/riassunto

Mit dem Ölpreisschock des Jahres 1973 ging ein Zeitabschnitt zu Ende, der durch Wachstum, Wohlstand und Vollbeschäftigung gekennzeichnet war. Die schwierige, mitunter krisenhafte Wirtschaftslage der 1970er und 1980er Jahre führte zur Rückkehr eines fast schon vergessenen Phänomens: der Massenarbeitslosigkeit. Allein in der Bundesrepublik Deutschland stieg die Zahl der Arbeitslosen zwischen 1973 und 1985 auf 2,3 Millionen. Historiker, Wirtschaftswissenschaftler, Soziologen und Sozialpsychologen analysieren in diesem Band die Ursachen der Arbeitslosigkeit, ihre Erscheinungsformen, ihre Auswirkungen sowie die Gegenmaßnahmen der Politik und ordnen dabei die Entwicklung in der Bundesrepublik in den europäischen Zusammenhang ein. So werden die historischen Voraussetzungen eines Problems deutlich, das bis heute zu den größten innenpolitischen Herausforderungen zählt.
