Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Sommario/riassunto	"A Deep Exploration of the Rise, Reign, and Legacy of the Third Reich For its brief existence, National Socialist Germany was one of the most destructive regimes in the history of humankind. Since that time, scholarly debate about its causes has volleyed continuously between the effects of political and military decisions, pathological development, or modernity gone awry. Was terror the defining force of rule, or was popular consent critical to sustaining the movement? Were the German people sympathetic to Nazi ideology, or were they radicalized by social manipulation and powerful propaganda? Was the “Final Solution” the motivation for the Third Reich’ s rise to power, or simply the outcome? A Companion to Nazi Germany addresses these crucial questions with historical insight from the Nazi Party’s emergence in the 1920s through its postwar repercussions. From the theory and context that gave rise to the

movement, through its structural, cultural, economic, and social impacts, to the era's lasting legacy, this book offers an in-depth examination of modern history's most infamous reign.

Assesses the historiography of Nazism and the prehistory of the regime
Provides deep insight into labor, education, research, and home life amidst the Third Reich's ideological imperatives
Describes how the Third Reich affected business, the economy, and the culture, including sports, entertainment, and religion
Delves into the social militarization in the lead-up to war, and examines the social and historical complexities that allowed genocide to take place
Shows how modern-day Germany confronts and deals with its recent history
Today's political climate highlights the critical need to understand how radical nationalist movements gain an audience, then followers, then power. While historical analogy can be a faulty basis for analyzing current events, there is no doubt that examining the parallels can lead to some important questions about the present. Exploring key motivations, environments, and cause and effect, this book provides essential perspective as radical nationalist movements have once again reemerged in many parts of the world. --
