Edizione	[First edition.]
Descrizione fisica	1 online resource : illustrations (black and white), maps (black and white)
Disciplina	343.077
Soggetti	Mining law
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	This edition previously issued in print: 2018.
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Proposals for more effective natural resource governance emphasise the importance of institutions and governance, but say less about the political conditions under which institutional change occurs. 'Governing Extractive Industries' synthesises findings regarding the political drivers of institutional change in extractive industry governance. It analyses resource governance from the late 19th century to the present in Bolivia, Ghana, Peru and Zambia, focusing on the ways in which resource governance and national political settlements interact.
