Polarization in American politics -- The origins of asymmetry -- Can

the Internet survive democracy? -- What can men do against such reckless hate? -- Conclusion.

---

Sommario/riassunto

This text examines the shape, composition, and practices of the United States political media landscape. It explores the roots of the current epistemic crisis in political communication with a focus on the remarkable 2016 U.S. president election culminating in the victory of Donald Trump and the first year of his presidency.
