

1. Record Nr.	UNINA9910298070003321
Autore	Stone-MacDonald Angela
Titolo	Fidelity of Implementation in Assessment of Infants and Toddlers : Evaluating Developmental Milestones and Outcomes / / by Angela Stone-MacDonald, Lianna Pizzo, Noah Feldman
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2018
ISBN	3-319-74618-9
Edizione	[1st ed. 2018.]
Descrizione fisica	1 online resource (185 pages)
Disciplina	155.4 155.424
Soggetti	Child psychology School psychology Pediatrics Social service Child and School Psychology Social Work
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Chapter 1. Introduction to Assessment in Early Childhood Education -- Chapter 2. What Is Fidelity of Implementation in Assessment and Why Is it Important? -- Chapter 3. Assessment in Early Intervention: Using the Battelle Development Inventory, 2nd Edition -- Chapter 4. Fidelity of Implementation of the BDI-2: A Case Study -- Chapter 5. Using Checklists to Improve the Fidelity of Implementation for Standardized Assessments -- Chapter 6. Using Checklists to Support Early Intervention Directors and Teams -- Chapter 7. Using Checklists to Train Preservice Early Childhood Professionals for Fidelity of Implementation in Assessment -- Chapter 8. Providing Feedback to Early Interventionists and Other Professionals on Fidelity of Implementation in Assessment -- Chapter 9. Working with Families -- Chapter 10. Conclusions: Recommendation for Practice and Future Research -- Appendices. .
Sommario/riassunto	This book examines the challenges in developmental assessment of

infants and toddlers and provides best practices for implementing standardized assessments in early intervention settings. It starts with an overview of standardized assessment practices and discusses how specific tools can be used in early intervention for different purposes (e.g., eligibility for services). The book explains the importance of the Fidelity of Implementation of Assessment (FOI-A) approach in creating standardized assessment for infants and toddlers. Chapters provide a checklist-based framework for FOI-A, with details on technological supports for test administration and data collection as well as training and supervision models. In addition, chapters discuss ways of engaging families, gaining their trust, and including them in their children's educational planning. Topics featured in this book include: The Battelle Development Inventory, 2nd Edition (BDI-2) and its use in the assessment of young children. Using checklists to improve fidelity of implementation for standardized assessments. Using checklists to support early intervention directors and teams. How to provide feedback to early interventionists and other professionals on FOI-A. Recommendations to improve FOI-A. Fidelity of Implementation in Assessment of Infants and Toddlers is a must-have resource for researchers, clinicians and related professionals, and graduate students in varied fields including child and school psychology, pediatrics, social work, behavioral therapy, infant and early childhood development, and early education and care.
